

Want to promote greater transparency  
in the reporting of clinical trial results?

## Sign the **AllTrials** campaign petition

With important discussions and legal decisions at the European level taking place on this subject, now is the time to add your name along with 60,000 other people calling for improvements in how trial results are published and shared.

The European Association of Hospital Pharmacists, along with over 400 other organisations, supports the campaign and encourages readers of the European Journal of Hospital Pharmacy to add their name to the petition. Doing so will help to create the momentum for long-lasting change and improvement.

Read more about EAHP's policy on clinical trial transparency at [www.eahp.eu/practice-and-policy/advocacy](http://www.eahp.eu/practice-and-policy/advocacy)

Add your signature to the campaign at [www.alltrials.net](http://www.alltrials.net)
